

Japanese class schedule

All September classes are cancelled!!

- The number of Covid-19 infected cases have been increased in Japan. At present Ibaraki prefecture is under the State of Emergency. You are requested to refrain from non-essential going out. Based on the situation, we have decided that all classes in September are not held to reduce the risk of infection. The reopen date in October has been unsettled. We will post updates on the web, twitter, as well as posters when the first date of class is settled. We appreciate your understanding.

- Cancellation dates All dates in September
- Class reopen date Not settled yet.
